Griddle Plate 600

Hard chromed-plated cooking surface, smooth

Manufacturer: Locher Großküchen-Geräte GmbH

Model: 228401

Description:

Electric griddle plate 600

Hard-chrome-plated cooking surface, smooth

Standing model with 20 mm deeper welded griddle plate

Material: 18/10 stainless steel DIN 1.4301

Switch, inspection cover, rear panel and upper floor in the substructure removable. Flush-mounted griddle plate.

Base unit closed on 3 sides, open at the front.

4 adjustable feet that can be removed for installation on a pedestal. 20 mm backslash at the rear and connector system with hairline joint.

The frying surface is made of special steel with rounded corners, R12, the surface hard chrome plated for a good non-stick effect and roasting results. Front panel with drain shaft (125x35 mm) into a removable grease drawer.

The frame is jointless from the top of the plate welded (hygiene!), Means that no grease inlet down is possible.

In aluminium blocks embedded contact heating elements ensure high heat storage capacity to ensure an even distribution of heat. The simple operation is carried out by an infinitely variable temperature control via thermostat with operating and heating display. The griddle plate has two separately controllable heating zones.

The package includes: Removable splash, grease tray, turning spatula, stainless steel cleaning sponge and wire.

Alu-block-storage technology

- Excellent temperature storage
- Even heat distribution
- Rapid energy release

Optional:

- SPEED Heating elements
- Teflon-Plug (209400)
- door(s) for base (angle left o. right)
- Preparation for energy optimisation (electric oven only)

Technical data

Width:	600 mm
Depth:	850 mm
Height:	850/900 mm
Height of lower compartment:	700 mm
Frying surface:	520 x 670 mm
Temperature range:	50° - 250°C
Total el. conn.:	400V / 10,0 kW

01/21 Dimensions and images are indicative. We reserve ourselves the right to modify any data without prior notice.

Shown colours may differ due to printing process.
