

Flex 600

Induction range with 2 cooking zones

Manufacturer: Locher Großküchen-Geräte GmbH

Model: 216203

Description:

Induction range with two cooking zones

Module made entirely from 304 grade stainless steel. Rounded angles and smooth surfaces enable easy cleaning of the unit. Inspection cover, back cover and lower division plate are removable for servicing. 4 adjustable feet that can be removed for installation on an optional base unit. 20 mm lip at back and flush connection with a hairline joint.

Energy transmission through induction coils underneath the ceramic glass. The generator is positioned under the coil. In the case of maintenance, the connectors of the generator can be easily disconnected.

Utmost operational security thanks to:

- Electronic energy monitoring.
- Empty pan detection (in the centre of the zone reduces power and turns off automatically)
- Electronic temperature control for the protection of the coil, the generator and the PCB
- Hot hob indicator

Unit comes with a main switch (power on/off) with indicator lamp and 2 stepless power controls 1-9. An digital display under glass shows the selected power level (1-9) and any malfunctions. Each generator has two integrated fans, so air circulation is guaranteed.

Included accessories:

Power cable (without plug) and aluminium grease filter

Optional:

- Base unit
- Door for base unit (left- or right-handed)
- Professional scraper for ceramic glass (PCS/PCSB)

Technical data

Width:	400 mm
