

Flex 600

Induction wok

Manufacturer: Locher Großküchen-Geräte GmbH

Model: 216225

Description:

Powerful table top induction wok

Module made entirely from 304 grade stainless steel with flush mounted ceran glass bowl (Cuvette) from below. Rounded angles and smooth surfaces enable easy cleaning of the unit. Inspection cover, back cover and lower division plate are removable for servicing.

Removable wall connection element at the back, appliance height + 50 mm. Cover for hairline joint.

4 adjustable feet that can be removed for installation on an optional compartment.

Energy transmission through induction coil underneath the ceran glass bowl. The generator is positioned under the coil. In the case of maintenance, the connectors of the generator can be easily disconnected.

Utmost operational security thanks to:

- Electronic energy monitoring.
- Empty pan detection (in the centre of the zone reduces power and turns off automatically)
- Electronic temperature control for the protection of the coil, the generator and the PCB
- Hot hob indicator

Unit comes with a main switch (power on/off) with indicator lamp and a stepless power controls 1-9. A digital display under glass shows the selected power level (1-9) and any malfunctions. The generator has two integrated fans, so air circulation is guaranteed.

Included accessories:

With cable and aluminium grease filter.

Optional:

- Hinged doors for lower compartment (left or right handed)
- Compartement
- Door for base
