

Induction Cooker with 2 zones á 3,5 kW - Table top model -

Manufacturer: Locher Großküchen – Geräte GmbH
Type: 201227

Description:

Induction cooker range with two zones – table top model

Module made entirely from 304 grade stainless steel with flush mounted ceramic glass plate. Smooth surfaces enable easy cleaning of the unit. Inspection cover is removable for servicing. 4 adjustable feet that can be removed.

Energy transmission through induction coils underneath the ceramic glass. The generator is positioned under the coil. In the case of maintenance, the generator can be easily disconnected.

Utmost operational security thanks to:

- Electronic energy monitoring.
- Empty pan detection (in the centre of the zone reduces power and turns off automatically)
- Electronic temperature control for the protection of the coil, the generator and the PCB

Each zone is operated through a potentiometer. An LED display under glass shows the selected power level (1-9) and any malfunctions. Each generator has integrated fans, so air circulation is guaranteed. Unit comes with power cable and CEE 16A plug, air duct and a dishwasher safe metallic air filter.

Technical Data:

Width:	400 mm
Depth:	600 mm
Height:	200 mm
Glass-ceramic plate:	350 x 560 mm
Induction Coil:	2 x round Ø 230 mm á 3.5 kW
Connection Value:	400V / 3ph / 7.0 kW

Version: 07/15; Dimension are approx.-dimension. Technical changes and leaving typographically conditional Colour deviations
